Thompson/Center Arms™ Expands Line of T/CR22® Rifles with New Camouflage Patterns
T/CR22 rimfire rifles now available in Realtree® EDGE™, Mossy Oak® Break-Up Country

SPRINGFIELD, Mass., (January 16, 2019) – Thompson/Center Arms today announced that it has expanded its line of recently released T/CR22 rifles to include new camouflage finishes from Realtree and Mossy Oak brands. Expertly crafted for hunters, plinkers, and first-time shooters alike, the new T/CR22 rifle integrates a variety of high-end features into an innovative rimfire package – now available in Realtree EDGE and Mossy Oak Break-Up Country.

Danielle Sanville, Brand Manager of Thompson/Center Arms, said, “The T/CR22 rifle is perfectly suited for a fun day at the range or an afternoon of small game hunting, and we’re excited to add two popular new camouflage patterns to the line, giving our customers more finish options”

The new T/CR22 rifles in Realtree EDGE and Mossy Oak Break-Up Country finishes include a green fiber optic front sight and adjustable rear peep sight for quick target acquisition, while the built-in picatinny-style rail allows for the mounting of an optic for precision shooting at longer ranges. The rifle features a light, crisp trigger pull, button-rifled barrel, and a threaded muzzle that allows for the use of a suppressor or other muzzle device. The T/CR22 rifle is compatible with most aftermarket 10/22® accessories, and its modular design features a rugged, lightweight Magpul® co-branded composite stock.

Chambered in .22LR, the new T/CR22 rifles in Realtree EDGE and Mossy Oak Break-Up camouflage ship with one 10-round detachable rotary magazine, includes Thompson/Center’s limited lifetime warranty, and is priced at an MSRP of \$419.
